One of the **amazing** things about **mediation** is that it is so many things

Mediation is...

- School-yard intervention
- part of the juvenile criminal justice system
- family conflict resolution or for people getting divorced
- a part of the civil court system, including Small Claims
- a part of community action and conflict resolution
- a labor conflict resolution tool
- conflict prevention, a form of human resources management
- what diplomats do to prevent countries from going to war or to help countries at war to find peace

Enjoy an evening under the stars and support CSC's Restorative Justice Partnership (RJPI) for youth!

Sunday, August 22 at 6:00 pm
Fess Parker Double Tree Resort in Santa Barbara

Tickets: \$75—\$150 donation

The RJPI helps young offenders "make things as right as possible" with the victims of their crimes. By providing "Restorative Justice Circle Conferences," the process supports the victims of crime by meeting their needs for information and healing, and holds teenage offenders accountable for repairing the harms they have done to relationships with people and community. In so doing, relationships and communities are often restored to a greater sense of wholeness and justice.
