RESTORATIVE JUSTICE MOVES FORWARD IN SANTA BARBARA Co.

In July, 2013 formal Guidelines for Referrals to Restorative Justice were completed and signed by our District Attorney, Joyce Dudley, our Public Defender, Rai Montes de Oca and Kimberly Rosa, Executive Director of CSC.

This is the culmination of almost five years of work and paves the way for CSC to implement, document and provide outcome data as to the efficacy of Restorative Circle Conferencing and Victim/Offender Mediation. CSC hopes to produce a comprehensive evaluation report at the end of 2015 which will include outcome data on the following measures:

- Victim satisfaction
- Offender recidivism
- Restitution collected

A **Restorative Justice Stakeholders Committee** has been formed to provide ongoing support and communication about issues related to ensuring the effective use of RJ.

A crime is not just about breaking the law. More importantly, it is about damaging human beings and the relationships between members of the community.

Humanity survives and thrives on relationships.

***Restorative justice** is about healing people and relationships and restoring communities*
